

Pride Toronto Elections for Board of Directors

Voting Method

Scenario 1: In the event that there are **only four** candidates (i.e. the Board's recommended slate), voting will proceed in one or two steps:

Step 1: Members will be asked to vote on a motion to support the Board's recommended slate as a whole.

Step 2: If the motion detailed in Step 1 fails, the vote will proceed to yes/no/abstain voting for each candidate individually. Winning candidates must receive 50% +1 yes votes; abstentions are not counted as part of the total vote percentage.

Scenario 2: In the event that there are **more than four candidates**, members may vote for up to 4 candidates. The successful candidates will be the top four candidates based on the votes received.
